

Rogier F. van Vlissingen: Clean Energy and Property Value

June 26, 2014

Snow Hall [SN], 135 Hall of Fame Terrace | 2-3:30 p.m.

Center for Sustainable Energy at BCC is hosting Rogier F. van Vlissingen President of DaBx Demand Side Solutions Inc. on a workshop titled “Clean Energy and Property Value”. The workshop will focus on adding value to your home using clean energy, navigating federal, state and local incentives, and personal project management. Additionally Rogier will assist multi-family property owners, investors and financial institutions with completing the EPA home energy yardstick. Rogier has a BS in Economics and his comprehensive Clean Energy website can be found at <http://www.vliscony.com/>
